

SUPPORT THE FUTURE OF STEAM

ENDEAVOUR SCHOLARSHIP

DISCOVER FLIGHT

ABOUT THE SCHOLARSHIP

Discover Flight is an international youth program created by the Endeavour Scholarship Foundation to inspire high school students (ages 16-18) with a passion for aviation and STEAM.

Through an all-expense-paid orientation flight at a local airport with a certified flying school, students experience the thrill of flight and take their first steps toward careers in aviation. Award recipients are selected in partnership with local organizations through a competitive process. In addition to their flight experience, students join a year-round virtual lecture series featuring astronauts, airline pilots, military aviators, engineers, and air traffic controllers.

Awardees receive a commemorative flight jacket and mission patch, and are celebrated at international aerospace exhibitions, beginning with the Dubai Airshow 2025 and the Singapore and FIDAE Airshows in 2026.

GIVE THEM A DREAM

By connecting students with role models, fostering international exchange, and opening doors to the aviation industry, Discover Flight seeks to shape future pilots, engineers, and innovators who will carry humanity's spirit of exploration forward.

Opportunities to Support

- Sponsorship & Donations: Help fund orientation flights, jackets, patches, and student recognition.
- Mentorship: Nominate professionals from your network to inspire students as guest speakers or mentors.
- Promotion: Use your reach and connections to help attract applicants from diverse backgrounds.

You can directly impact the lives of youth worldwide by funding their first flying lessons, supporting year-round mentorship, and providing access to world-class aviation events.

SPONSOR LEVELS

Cadet \$1,000+

- Recognition on website and event materials
- Logo placement on award certificates
- Social media recognition
- Invitation to attend award ceremonies at international airshows (Dubai, Singapore, FIDAE)
- Opportunity to nominate one aviation professional from your organization to participate as a guest speaker in the Discover Flight webinar series, if applicable

Aviator \$5,000

Includes all Cadet benefits, in addition to:

- Logo placement on promotional materials and presentations at international airshows
- Recognition in press releases
- Opportunity to present awards to students at the affiliated airshow
- Access to student profiles and the ability to host a mentorship session with awardees
- Two complimentary passes to a Discover Flight reception at a participating airshow

Top Gun \$10,000

Includes all Aviator benefits, in addition to:

- Exclusive recognition as a Top Gun Sponsor at all Discover Flight events and in year-round programming
- Logo placement on international award ceremony backdrops
- On-stage speaking opportunity at award ceremonies at Dubai, Singapore, and FIDAE
- Priority role in nominating students and schools for Discover Flight selection in a chosen region
- Featured video message from your company in student orientation materials and webinar series
- Four complimentary passes to a Discover Flight reception at participating airshows
