

THE ENDEAVOUR SCHOLARSHIP

Empowering the Future

OUR MISSION

Founded in 2019, with Apollo 15 astronaut Al Worden, the Endeavour Scholarship Foundation is a 501(c)3 nonprofit dedicated to inspiring future leaders and fostering global collaboration through the wonders of science, technology, engineering, art, and math (STEAM). Our program sends selected teams to Space Camp in Huntsville, Alabama, and has awarded over 120 scholarships to participants from eleven countries.

YOUR IMPACT

The Endeavour Scholarship winners will represent the United Arab Emirates as Mission Team 30. The awards will be presented at WHX Dubai 2026 on 11 February 2026 in front of distinguished leaders from industry and government. Selected scholars will be recognized for their vision and commitment to a future where health sciences and space exploration continue to work together for the betterment of humanity.

Take part in this extraordinary opportunity to join the Endeavour Scholarship family and launch your journey in health sciences or space exploration!

ENDEAVOUR SCHOLARSHIP IN THE UAE
